WELCOME MESSAGES

Gain a Global
Edge at **SIM GE**
for the global
workplace in the
future economy

Welcome to SIM Global Education (SIM GE) – A global campus with over 10 top ranking international universities from the UK, the US and Australia. As a premier institution of higher learning, we are a gateway to the world with a wide range of academic programmes to choose your ideal learning pathways from.

SIM GE is a leading private educational institution in Singapore, reputed for high standards and a vibrant student experience. Founded in 1964 by the Singapore Economic Development Board as part of the SIM Group, it has over 50 years of strong track record in developing quality manpower.

At SIM GE, we are committed to delivering a holistic education to empower individuals in their respective fields and communities. We also aim to inspire passion in them to excel and to strive for bigger goals.

In today's fast-changing world, the ability to adapt and evolve will give you an edge. With our multicultural learning environment and diverse campus life, you will gain the skills, knowledge and insights you need, to be career ready. These will enable you to gain a Global Edge as you make your mark in the global workplace of the future.

I invite you to come and be a member of our fraternity of over 133,000 graduates and alumni and 20,000 students, and discover how, like them, you can fulfil your aspirations by embarking on an exciting educational journey with us.

Dr Lee Kwok Cheong
Chief Executive Officer
SIM Global Education

**Academic
direction** for
programmes is
provided by
**Colleges of the
University of
London**

Since the founding of the University of London, 180 years ago, we have provided access to high quality education and in so doing have contributed to the development of higher education worldwide. Within this context our relationship with SIM GE is one that is extremely important to us and one that we are truly proud of.

Over the last 30 years, more than 31,500 students have successfully completed their study programmes with SIM GE and graduated with a University of London degree. It is true to say that our two institutions have helped transform the higher education landscape in Singapore.

Studying for a University of London degree or diploma at SIM GE is an excellent combination. Graduates not only gain a high quality, internationally recognised qualification from the University of London, they also benefit from a wide range of extra-curricular activities and careers guidance offered by SIM GE. This means that University of London-SIM graduates are sought after by top employers in Singapore and around the world.

Professor Sir Adrian Smith FRS
Vice-Chancellor
University of London

SIM GROUP

SIM Global Education **A leading private education** **institution**

SIM Global Education is the global education arm of the Singapore Institute of Management (SIM Group). Founded in 1964 on the initiative of the Economic Development Board to support Singapore's industrialisation, the SIM Group also offers its services through two other educational brands: SIM University (UniSIM) and SIM Professional Development (SIM PD).

SIM Global Education (SIM GE) offers quality overseas academic programmes awarded by top ranking and reputable universities from the United Kingdom, the United States and Australia. SIM GE's approach towards a holistic education is to develop students with a global edge for the global workplace with ability and adaptability for employability in the future economy. With more than 133,000 alumni and 20,000 students from over 40 countries, SIM GE is a leading private education institution in Singapore.

Why Study at SIM GE?

▲ AWARD-WINNING INSTITUTION

Top 3 Best Private Institute for eight consecutive years in the annual AsiaOne People's Choice Awards.

▲ THROUGH-TRAIN PATHWAY

Over 80 full-time and part-time academic programmes through over 10 partner universities at diploma, undergraduate and postgraduate levels.

▲ GLOBAL PERSPECTIVES & INSIGHTS

Exposure to diverse cultures and a global network of faculty and peers bring broader perspectives to learning.

▲ STUDENT-CENTRIC CAMPUS

Wi-Fi enabled campus with comprehensive facilities for students' academic and recreation needs.

▲ VIBRANT STUDENT LIFE

Participate in over 70 student clubs with year-round activities in arts, culture and sports.

▲ DEDICATED STUDENT SUPPORT

Support services include academic support at Student Learning Centre, a dedicated Student Services Centre, Student Wellness Centre, and initiatives such as financial assistance schemes and counselling services.

▲ BOND-FREE SCHOLARSHIP & BURSARY

Scholarships are available to students who excel in academics, sports or arts.

▲ NETWORK FOR SUCCESS

A multitude of learning resources and networking events for students and graduates offered through SIM GE platforms and SIM Membership.

▲ ALUMNI ENGAGEMENT

Stay connected even after graduation – benefit from events organised by SIM GE Alumni Office or volunteer your time through initiatives such as Structured Alumni Mentorship.

in SIM GE.

CAREER DEVELOPMENT

Raise your employability quotient through industry internships or career-readiness initiatives like the Talent Development Programme, Career Chapters, Mentorship Programme offered by Career Connect.

GLOBAL LEARNING

Gain international exposure through overseas academic exchange programmes, study trips, internships and workshops.

STUDENT DEVELOPMENT

Sharpen your leadership and social skills or pursue your passion in the arts and sports with more than 70 student councils and clubs available.

STUDENT CARE

Boost your well-being in healthy living and wellness programmes, or learn more from peer mentors at our dedicated Student Wellness Centre.

Grooming achievers outside the classroom

Global exposure and learning opportunities

Career fair offering internships and jobs

STUDENT LEARNING CENTRE

The Student Learning Centre (SLC) is a one-stop centre for student academic support. Boost your academic performance with our SLC resources.

PEER-ASSISTED LEARNING (PAL)

A student-to-student support network that provides academic assistance for selected modules.

WORKSHOP SERIES

Attend complimentary workshops on academic writing, study skills and personal effectiveness to hone effective learning skills.

PROFESSIONAL SKILLS

Develop professional skills that are highly valued by employers through well-structured training programmes.

CONSULTATION SERVICES

Work with our advisors to improve your skills in written and oral presentation.

Peer-Assisted Learning (PAL) in session

Digital Literacy Workshop

Student Learning Centre

UNIVERSITY OF LONDON

A degree from the University of London is a mark of excellence, respected by employers and universities worldwide. This is because the University of London is one of the world's leading universities, internationally recognised for its high academic standards. This reputation is based on the outstanding teaching and research of its 18 world-class Member Institutions and 9 specialist institutes.

Since 1858, University of London degrees have been accessible to students all over the world through the University of London International Programmes. Alumni of the University of London International Programmes have gone on to shape our world. These include seven

Nobel Prize winners, leaders of Commonwealth countries, government ministers, renowned authors, academics, judges and business leaders. Today, the University of London International Programmes is truly international in character with over 50,000 students in more than 180 countries.

Academic direction for all of the programmes offered through the University of London International Programmes is provided by Member Institutions of the University. Academics at these Colleges develop the syllabuses, prepare the study materials, and are responsible for the assessment of students. This means that students benefit from the academic rigour and leading-edge research undertaken

by the Colleges. It also helps to ensure that University of London qualifications are of the same high academic standard, however they are achieved.

On successful completion of your studies you will be awarded a University of London qualification. The certificate you receive will state that you were registered with the University of London and will include the name of the University of London College or Colleges that conducted the examinations.

Find out more about the University of London International Programmes at:

www.londoninternational.ac.uk

London School of Economics and Political Science

The London School of Economics and Political Science (LSE) is a small specialist university with an international intake and a global reach. Its research and teaching span the full breadth of the social sciences from economics, politics and law, to sociology, anthropology, accounting and finance.

Founded in 1895 by Beatrice and Sidney Webb, LSE has an outstanding reputation not only for academic excellence, but also for extensive engagement with the

worlds of government, policymaking and business. University of London International Programmes students have the benefit of LSE's academic expertise, and the backing of the University of London, one of the oldest and largest universities in the UK. Successful students are awarded degrees or other qualifications by the University of London and these are distinct from those awarded by LSE.

More information can be obtained from www2.lse.ac.uk/study/UOLIP/

partnership video

*SIM and University of London celebrate
30 years of successful partnership in 2016,
producing more than 31,500 graduates
to-date.*

Reasons to Study with SIM-UOL

▲ PRESTIGIOUS INSTITUTIONS

Well-established reputed institutions with UOL as one of the oldest UK universities and SIM GE as one of the best private institutes in Singapore

▲ SIM GE - AFFILIATE CENTRE

A reflection of SIM GE's sustained commitment to high standards of teaching, support and administration

▲ THROUGH-TRAIN PATHWAY

From Foundation to Bachelor's and postgraduate programmes

▲ RIGOROUS CURRICULUM

High standards with academic direction set by well-known Colleges - LSE, UCL and Goldsmiths

▲ EFFECTIVE TEACHING METHODS

A combination of lectures, tutorials, study skill sessions, revision workshops, and preliminary examinations

▲ ACADEMIC AWARDS AND PRIZES

Annual Award Ceremony held to recognise students' Academic Achievements

▲ LSE SUMMER SCHOOL

Scholarships are available on an annual basis

▲ LAUNCH PAD FOR FURTHER STUDIES

Between 2010 and 2016, over 110 SIM-UOL alumni have progressed to postgraduate studies in the UK.

▲ PROVEN TRACK RECORD

Over 1,200 SIM-UOL First Class Honours graduates to-date, with many alumni holding senior positions

▲ INTERNATIONALLY RECOGNISED

Worldwide recognition of UOL degrees; a community of over 31,500 SIM-UOL alumni

▲ HIGH EMPLOYABILITY

84% of graduates are employed within six months of final exams. (SIM 2016 Graduate Employment Survey). Among them, 82% are working in jobs related to their course of study.

2010s

2010

The External System is renamed University of London International Programmes to reflect its truly global nature

2011

117 graduates were awarded First Class Honours degrees

Student enrolment at SIM increased to over 11,600

2015

Ten graduates study Master's at LSE of which three obtain LSE scholarship

2016

Launch of the Master of Science in Professional Accountancy, awarded by UOL and led by UCL

SIM and UOL celebrate 30 years of academic partnership

New record of 191 BSc graduates with First Class Honours

Another ten graduates went on to LSE, of which one is on Khattar scholarship

2017

SIM has its 3rd graduate to study master's at Oxford

Regional Centre for UOL is based at SIM Headquarters

CERTIFICATE OF HIGHER EDUCATION IN SOCIAL SCIENCES

Objectives

The Certificate of Higher Education in Social Sciences (CHESS) is a qualification in its own right. It provides an entry route to the Economics, Management, Finance and Social Sciences degrees offered through the International Programmes, with academic direction from LSE. By successfully completing the programme, you will develop analytical competence allowing you to undertake further undergraduate study.

Course Units

The programme consists of **four Level 100 units** (or the equivalent). Students will select these units from Selection group F1 (See page 28). Classes will be combined with undergraduate students pursuing a BSc degree. Additional tutorials are organised for CHESS students*. In selecting units, care should be exercised. Consider the units that are available on the degree that interests you and choose subjects common to both that degree and this programme.

All units available in CHESS can be credited to the Bachelor of Science (Honours) degrees.

Candidates are to indicate their preferred subject combination by selecting one of the Options listed in the table below. Once selected during the application, there will be a fee imposed if you would like to change your Option.

Notes:

* *Tutorial classes will be organised only if there is a minimum of ten students enrolled for the same subject. This is especially so for specialised courses like IR1011, etc.*

Progression Chart for CHESS

Options	Subject Combination		Recommended Degree

BACHELOR OF SCIENCE (HONOURS) IN BANKING AND FINANCE

Objectives

The world of banking and finance is all about risk. The Bachelor of Science (BSc) (Honours) in Banking and Finance aims to show you how financial institutions manage risk, how financial markets trade risk and how new instruments to control risk are developed for the benefit of the economy as a whole.

The programme will give you an insight into the pivotal role of finance in an industrial economy. It will provide you with a thorough understanding of the ways in which financial intermediaries and institutions operate, and the structure and functioning of financial markets, as well as help you develop critical skills for a wide range of real world professional situations.

Career Prospects

Many of our past graduates (full-time programmes) have gone on to carve out successful careers in financial institutions, including American Express Bank, ANZ Bank, Bank of China (Shanghai), BNP Paribas, Bank of Singapore, Coutts Private Bank, Great Eastern Life, CIMB Bank, Citibank, Credit Suisse, DBS Bank, HSBC, ING Bank, Merrill Lynch, Maybank, OCBC, Standard Chartered Bank, UBS and UOB.

BACHELOR OF SCIENCE (HONOURS) IN ECONOMICS

Objectives

The Bachelor of Science (BSc) (Honours) in Economics is centred on the core of economic theory and the tools it requires. Essential Mathematical techniques such as calculus and statistics are covered at an early stage in the programme.

Graduates of this programme will learn an approach to a logical analysis of social and individual decision making. This degree is not recommended for students who are exempted from the first year of the degree unless they have completed the Diploma in Economics/Certificate of Higher Education in Social Sciences from the University of London.

Career Prospects

This programme is a useful preparation for a range of careers in academia, industry, finance or government.

The SIM Economics Summit is an annual event organised by the SIM Economics Society, which aims to bridge the gap between the theoretical economic concepts and their practical applications to Accountancy, Banking and Finance. The 2016 Summit saw speakers like Prof Danny Quah and Mrs Lim Hwee Hua.

BACHELOR OF SCIENCE (HONOURS) IN ECONOMICS AND FINANCE

Objectives

The Bachelor of Science (BSc) (Honours) in Economics and Finance aims to help you appreciate the close linkages between economics and finance in a wide range of issues, such as risk and asset choice. This degree is not for the faint-hearted as the units generally require rigorous attention. Instead, it fares well with those keen on analytics and economics. This degree is not recommended to students who are exempted from the first year of the degree.

In 2016, the graduating batch saw 32% earn a degree with First Class Honours when the overall average was 9.5%.

Career Prospects

Some of the graduates of this programme have worked in junior to middle management at organisations including Accenture, Aviva, CitiGroup, DBS Bank and Sumitomo Corporation. Within the finance and accounting-related positions, a few were specifically in treasury and management consulting.

BACHELOR OF SCIENCE (HONOURS) IN ECONOMICS AND MANAGEMENT

Objectives

The Bachelor of Science (BSc) (Honours) in Economics and Management enables you to combine an in-depth study of economics with management options, enabling you to look analytically and critically at management issues. It will equip you with logical and quantitative reasoning skills as well as general management competencies.

Career Prospects

Some of our past graduates have secured positions such as bank executives, business analysts, finance executives, finance planners and operations executives.

BACHELOR OF SCIENCE (HONOURS) IN ECONOMICS AND POLITICS

Objectives

The Bachelor of Science (BSc) (Honours) in Economics and Politics builds on some core economic theories and key concepts of modern political thought. You will be introduced to an in-depth analysis of the global international economy and in the field of comparative politics. Emphasis is on microeconomics, macroeconomics, understanding the present state of democracy and the democratisation processes as well as different levels of political analysis and public choice.

This joint honours degree provides a particularly strong combination of study, as the interplay between economics and the process of government that is central to political life.

Career Prospects

Graduates of this programme will be better prepared for a career in relevant ministries, international organisations, and business. Graduates can become a journalist, media practitioner, media research analyst/consultant, risk & security analyst/consultant, corporate strategy & planning executive/consultant, or have an overseas posting as country manager. The degree will prepare students for a more globalised world where politics and economics are interconnected.

Please refer to pages 28-29 or SIM GE website for prerequisite and co-requisite requirements.

SIM GE student delegates at the Harvard Model United Nations (HNMUN) in Boston. Students at this annual event assume the roles of UN representatives and members of international bodies and national cabinets, to debate and respond to pertinent global issues.

BACHELOR OF SCIENCE (HONOURS) IN MANAGEMENT AND DIGITAL INNOVATION

Objectives

The Bachelor of Science (BSc) (Honours) in Management and Digital Innovation studies information systems as a technical and social phenomena. Managers will learn to solve organisational and business problems using new information and communication technologies (ICT). It discusses the growth of the internet, the web and social media through an analysis of the underlying technologies. It will examine the technological and business innovations that have contributed to the growth of computer-based information systems.

Career Prospects

Graduates will be hybrid managers well-versed in tools, techniques, approaches and philosophies necessary for IT services roles in accounting, banking, consultancy, government, research, etc. It will enable entrepreneurs to start up their own technology-focused businesses.

Standard Route (12 full units)	Graduate Entry Route (9 full units)

Assessment for IS1060, IS2182, IS2184 and IS3159 includes coursework.

Please refer to pages 28-29 or SIM GE website for prerequisite and co-requisite requirements.

BACHELOR OF SCIENCE (HONOURS) IN MATHEMATICS AND ECONOMICS

Objectives

The Bachelor of Science (BSc) (Honours) in Mathematics and Economics equips you with an understanding in advanced areas of mathematics and statistics, chosen from a range of topics, including a high proportion relevant to economics and finance.

It focuses on understanding the role of mathematics in the social sciences, especially economics, and how they interact. Candidates applying for this degree should have passed Mathematics at GCE 'A' level or equivalent.

Career Prospects

Graduates work in diverse fields - risk management, education, banking, aviation, and healthcare. Recent graduates have been employed at OCBC Bank, UOB, Standard Chartered Bank, Singapore Civil Defence Force, Tan Tock Seng Hospital and Civil Aviation Authority of Singapore.

Opportunities for Further Education

Graduates have been accepted for master's degrees in the UK and locally at NUS. A total of six SIM graduates also pursued the MSc Applicable Mathematics at the London School of Economics and Political Science between 2009 and 2015.

Standard Route (12 full units)

Course Units: 100

1. ■EC1002 Introduction to economics
2. ST104A Statistics 1 (half unit) **and**
■ST104B Statistics 2 (half unit)
3. MT1173 Algebra
4. MT1174 Calculus

12. One 300 unit (or two half units) from Selection group E

Please refer to pages 28-29 or SIM GE website for prerequisite and co-requisite requirements.

"The rigour and technical coverage of the University of London programme benefitted me. On top of that, the UOL brand name is well recognised not only in Singapore but globally as well." (2016)

Aaron Tan

First Class Honours Graduate, Class of 2013
BSc (Hons) in Economics and Finance

Business Development Manager, Intermediary Business
Schroder Investment Management (Singapore)

"The flexible timetable of the programme offers ample time for revision. The lecturers go the extra mile for us, and are constantly encouraging us to strive for academic excellence." (2016)

Genia Ong

Student
BSc (Hons) in Business and Management

"The knowledge I've gained from my SIM-UOL degree allows me to compete with the very best in my field." (2016)

Gabriel Low

First Class Honours Graduate, Class of 2013
BSc (Hons) in Accounting and Finance

Graduate, Class of 2015
Master of Management, London Business School, UK

Recipient of the SIM-You Poh Seng Scholarship Award
Analyst, Goldman Sachs in London

"I chose International Relations because I wanted an education that would transform my mind. No other discipline brings events of the past, present and future into personal relevance so powerfully. SIM GE has provided me a structure to undertake internship opportunities and contribute to the student body while pursuing my studies." (2016)

Isaac Liu
Student
BSc (Hons) in International Relations

"The SIM Economics Society provides a platform for students to make presentations about economic themes that they are personally interested in, such as taxation, quantitative easing, price indices, insurance, oil prices and even Bitcoin. Through these activities, students not only develop their analytical skills but also public speaking, writing, and debating skills. They get to apply what they have learned in their classroom to current events." (2017)

Shradha Agrawal
First Class Honours Graduate, Class of 2016
BSc (Hons) in Banking and Finance

Student, MSc Accounting and Finance
London School of Economics and Political Science

"Through SIM-UOL, I was exposed to an array of activities that encompasses not just the education aspect but other important soft skills such as networking with peers. I was also given the opportunity to be part of a sports club and learnt how to be a team player." (2016)

Royston Cheow
Second Class Honours (Upper Division) Graduate,
Class of 2016
BSc (Hons) in Accounting and Finance

Operations Risk Officer
Bank of Tokyo Mitsubishi (BTMU)

GRADUATE DIPLOMAS

The Graduate Diploma programmes are by Graduate Entry only. They are ideal for three groups of students:

- Those who wish to acquire and demonstrate knowledge in a particular field.
- Those who wish to undertake postgraduate work and whose first degree is in an unrelated field.

- Those who have a first degree which may not be readily acceptable as equivalent to a UK first degree, but want to undertake postgraduate work at a British university.

Career Prospects

Graduates of these Diplomas have been promoted in their jobs or expanded their job scope. A few engineers have also used the Graduate Diploma in Finance as a

stepping stone to pursue master's degrees in related finance areas.

Course Selection

All pre-requisites are waived for the Graduate Diploma. Selection groups can be found on Page 28. Candidates choose their units based on the timetable. Some units may not be taken together if the classes fall on the same day/time (part-time programme).

Programme	Objectives	Course Units
Graduate Diploma in Accounting	Ideal for those who are handling general accounting and finance duties and wish to upgrade their skills. Those whose first degree is a general one and wish to acquire more specific qualifications would also benefit from this programme.	<p>One compulsory unit: AC1025 Principles of accounting +</p> <p>Two units chosen from: AC3059 Financial management or FN3092 Corporate finance AC3091 Financial reporting AC3093 Auditing and assurance AC3097 Management accounting AC3143 Valuation and securities analysis +</p> <p>One 200 or 300 unit chosen from any Selection group, including any unit not selected above.</p>
Graduate Diploma in Banking	Ideal for those with general qualifications who are currently working in banks and financial institutions. It also serves as a platform for those who wish to broaden their perspectives and upgrade their skills in the banking and financial sectors.	<p>One compulsory unit: FN1024 Principles of banking and finance +</p> <p>Two units chosen from: AC3059 Financial management or FN3092 Corporate finance AC3091 Financial reporting AC3093 Auditing and assurance AC3143 Valuation and securities analysis FN2029 Financial intermediation FN3023 Investment management FN3142 Quantitative finance +</p> <p>One 200 or 300 unit chosen from any Selection group, including any unit not selected above.</p>
Graduate Diploma in E-Business and Social Media	This programme will equip you with skills and knowledge to utilise the power of e-business and social media; to improve the performance of your organisation while avoiding the risks inherent in the misapplication of technology.	<p>Three compulsory units: IS1181 Digital infrastructures for business IS3167 Management and innovation of e-Business IS3183 Management and social media +</p> <p>One unit from the following: IS2184 Information systems management (offered FT only) IS3159 Research project in digital innovation (offered FT only) MN3119 Strategy MN3141 Principles of marketing Assessment for IS2184 and IS3159 includes coursework.</p>

Programme	Objectives	Course Units
Graduate Diploma in Economics	<p>It offers a broad perspective to the field of economics, which is essential in the banking and financial arena. Business analysts, researchers and economists alike will find this course useful.</p> <p>Graduates will be able to choose careers in brokerage and investment firms, or in human resource management, establishing appropriate incentive structures, benefits packages and processes for hiring and promotion.</p>	<p>Three compulsory units: EC2020 Elements of econometrics EC2065 Macroeconomics EC2066 Microeconomics + One 300 unit with the prefix EC chosen from Selection group E.</p>
Graduate Diploma in Finance	<p>It is invaluable for those currently working in financial planning, investment or commercial banking, corporate finance, or real estate, and looking to upgrade their skills.</p>	<p>One compulsory unit: FN3092 Corporate finance + Two units chosen from: AC3091 Financial reporting AC3093 Auditing and assurance AC3143 Valuation and securities analysis FN2029 Financial intermediation FN3023 Investment management FN3142 Quantitative finance + One 200 or 300 unit chosen from any Selection group, including any unit not selected above.</p>
Graduate Diploma in International Relations	<p>Topics like Foreign Policy Analysis will show insights on how foreign policy decisions are made and what influences these decisions, as well as Security in International Relations, where students will learn to apply IR theories in formulating a deeper understanding of security issues in the international political realm.</p>	<p>Three units (including at least one 300 unit) chosen from: IR1011 Introduction to international relations IR2085 International organisations IR2137 Foreign Policy analysis IR3026 International political economy IR3083 International political theory IR3140 Security in international relations + One 300 unit chosen from any Selection group, including any unit not selected above</p>
Graduate Diploma in Management	<p>It offers a broad overview of management theory and practice, making it an attractive course for those with non-business backgrounds who wish to understand more about the rudiments of management.</p>	<p>Two compulsory units: MN1178 Business and management in a global context MN2177 Core management concepts + Two units from the following: MN3032 Management science methods MN3075 Human resource management MN3119 Strategy MN3127 Organisation theory: an interdisciplinary approach MN3141 Principles of Marketing</p>
Graduate Diploma in Politics	<p>This programme will provide you with an introduction to the fundamental concepts and theories to analyse world politics.</p>	<p>Three units chosen from: PS1130 Introduction to modern political thought or PS1172 Introduction to political science PS2082 Comparative politics PS 3086 Democracy and democratisation + One 200 or 300 unit chosen from any Selection group, including any unit not selected above</p>

SELECTION GROUPS

A degree or diploma is made up of units drawn from the Selection Groups. These groups are categorised by level or by discipline. All units and structures follow the University of London Regulations which contain full details on the rules that govern the choice of any unit. For level 200 and 300 units in the BSc degree programmes, pre-requisites or co-requisites may be required.

Level 100 units

Notes:

- EC1002 *Introduction to Economics* must be taken after or at the same time as ST104A *Statistics 1* and MT105A *Mathematics 1*.
- ST104B *Statistics 2* must be taken after or at the same time as ST104A *Statistics 1*.
- MT105B *Mathematics 2* must be taken after or at the same time as ST104A *Statistics 1* and either MT105A *Mathematics 1* or MT1174 *Calculus*.
- ♦ This can only be found in specific degree structure. Accreditation of Prior Learning awarded from one named or unnamed 100 unit can be placed here.

- ▲ FN3023 *Investment management* must be taken after or at the same time as FN3092 *Corporate finance*.
- ▲ FN3142 *Quantitative finance* must be taken after or at the same time as FN3092 *Corporate finance*.
- ▲ You can only take EC2020 *Econometrics* at the same time as or after ST104B *Statistics 2* and MT105B *Mathematics 2*, not before. You will also need to have passed the prerequisites of EC1002 *Introduction to economics*, MT105A *Mathematics 1* and ST104A *Statistics 1*. However, if you passed MT1174 *Calculus*, you do not need to take MT105A or MT105B, but must still meet the other prerequisites and co-requisites. MT1174 remains a prerequisite option and so must be passed before taking this course.

- * Units marked are only offered in the full-time programme.
MT1173 *Algebra* and MT1174 *Calculus* are not applicable for Bachelor of Science (Honours) in Economics and Management.

- [^] IS1181 *Digital infrastructures for business* and IS2184 *Information systems management* are not applicable for Bachelor of Science (Honours) in Economics and Management

Remark: There are exclusion subjects / groups that cannot be taken together. If you are registered for one of these subjects / groups, you cannot also register for the other. For more information, please refer to SIM GE website.

Esmond Hwee, Chang Yin Man and Leh Sze Hou are the SIM graduates who were awarded LSE scholarships to pursue their Master's in London in 2015/2016.

Gerald Chan graduated with a Business degree with First Class Honours in 2014. He worked for a year before starting the MSc Innovation Management and Entrepreneurship at the Manchester Business School and thereafter continued on to his PhD programme in 2016.

Reagan Yee, a BSc (Hons) in Economics and Finance degree holder, graduated with First Class Honours in 2012. He went on to pursue his postgraduate study in Oxford in 2013. He is currently working in the finance industry in London.

2016 First Class Honours Accounting and Finance graduate, Darrell Lua, was offered a £33,000 Khattar scholarship to pursue his Master's studies in Finance and Private Equity at the London School of Economics and Political Science in the UK. Darrell was one out of only three recipients of the scholarship from a South East Asian country.

Cerine Tan graduated with First Class Honours in 2016 from the BSc (Hons) in Economics and Finance programme. In addition to her academic success, she also embraced opportunities to grow and challenge herself by joining the SIM Students Toastmasters Club to hone her public speaking skills. She gained admission into the University of Oxford to pursue a master's degree in Financial Economics in 2017.

Sharmila Khan, currently pursuing a Banking and Finance degree, spends her time in SIM GE striving for a holistic learning environment. She juggles her time well by being the President of two CCAs: the SIM Economics Society and the Banking and Finance Career Chapter. These opportunities allow her to network and interact with industry practitioners and experts who broaden her horizon to the working world.

PROGRAMME INFORMATION

Mode of Delivery

Classroom learning comprising:

- Activities
- Lectures
- Online learning
- Self-study
- Tutorials
- Workshops

Each lesson is typically 3 hours.

Assessment

- Assignments / Projects
- Written Exams
- Continuous Assessments such as:
 - Essays
 - Laboratory exercises
 - Presentations
 - Quizzes
 - Tests
 - Tutorial exercises

Minimum Class Size

BSc degree and Graduate Diploma programmes: 25

Certificate of Higher Education in Social Sciences: 10

In the event that the class cannot commence due to low take-up rate, applicants will be informed within one month before programme commencement.

Candidature Period

Programme	Candidature period
Standard Bachelor of Science (Honours) degree (12 units)	3 – 8 years
Standard/Graduate Bachelor of Science (Honours) degree (9 units)	2 – 8 years
Graduate Diplomas	1 – 5 years
Certificate of Higher Education in Social Sciences	1 – 5 years
Certificate of Higher Education in Social Sciences + Standard Bachelor of Science (Honours) degree	3 – 8 years

There will not be any refund or recourse should the student fail to complete the programme within the candidature period.

Admission Criteria

The University of London governs all regulations and requirements of these programmes. No person, in whatever relationship with University of London, shall be subject to discrimination on the basis of age, creed, colour, handicap, national origin, race, religion, sex, or marital or veteran status.

All applicants are considered individually on merit, and the University of London reserves the right to amend the list of acceptable diploma equivalents and reject an application. Therefore, possession of any diploma qualification does not necessarily guarantee automatic entry to the University of London International Programmes at SIM.

Selection of candidates for the SIM programme is done by the SIM Admissions Committee and is competitive. Only candidates who demonstrate through their applications that they are able to perform at a high level and cope with the demands of the programme will be accepted. The selection process aims to maintain the quality of the intake as the first priority.

All candidates selected for admission into SIM must also receive a letter of offer and register with the University of London.

Refer to next page for the entry requirements for the programmes.

"Our programmes provide students with the knowledge and skills relevant to a range of professions. They are also designed to help students to develop the capacity to solve complex problems, to critically evaluate alternative approaches and to perform well under pressure."

Dr Mary Stiasny OBE

Pro Vice-Chancellor (International) and Chief Executive of the University of London International Programmes

Certificate of Higher Education in Social Sciences	<ol style="list-style-type: none"> 1. Must be normally 18 years old by 31 December in the year of registration with University of London 2. A full first degree completed in a minimum of three years duration on a full-time basis (or equivalent) from a university or other institution acceptable to the University of London 2. Satisfy course requirements in English and Mathematics as listed under Standard Entry for BSc degree programme <p>Note:</p> <ul style="list-style-type: none"> - Candidates holding professional and/or postgraduate qualifications without a full first degree cannot be considered for admission to the Graduate Entry Route or Graduate Diploma - University of London International Programmes graduates from the same range of degrees under the academic direction of LSE cannot be considered for the Graduate Entry Route or for the Graduate Diploma - No exemptions are permitted on the Graduate Entry route

For international students, please refer to SIM GE website for the Entry, English and Mathematics requirements for admission into Certificate of Higher Education in Social Sciences and Year 1 of BSc degree programmes.

Programme Fees

Programme Fees (2017 intake)	
SIM Programme fee (BSc (Honours); 12 full units)	S\$17,334
SIM Programme fee (BSc (Honours); 9 full units)	S\$13,001
SIM Programme fee (BSc (Honours); 8 full units)	S\$11,556
SIM Programme fee (Graduate Diploma)	S\$5,778
SIM Programme fee (Certificate of Higher Education in Social Sciences)	S\$7,918
UOL application fee (one time payment)	£88
UOL initial registration fee	
Year 1 / Certificate of Higher Education in Social Sciences only	£874
Graduate Diploma	£874
UOL continuing registration fee	
BSc; payable in Year 2 and 3 (per subsequent year)	£399
Diploma; payable per subsequent year	£399
UOL examination fee*	
BSc, 12 full units	S\$7,200
BSc, 9 full units	S\$5,400
BSc, 8 full units	S\$4,800
Graduate Diploma, 4 full units	S\$2,300
Certificate of Higher Education in Social Sciences, 4 full units	S\$2,400

* This estimated University of London examination fee, payable in S\$ to the RELC Examinations Bureau, includes an admin fee (per paper) to RELC.

University of London increases their fees each year. Fees quoted are for 2017 only. Fees for 2018 and 2019 are estimated amounts.

Estimated Overall Fees

Programme	Fees
Standard Entry BSc, 12 units (3 years)	S\$27,500
Graduate Entry BSc, 9 units (2 years)	S\$20,800
Standard Entry BSc, 8 units (2 years)	S\$18,600
Certificate of Higher Education in Social Sciences + BSc, 12 units (3 years)	S\$29,400
Graduate Diploma, 4 units (1 year)	S\$9,700

Fees in S\$ are inclusive of prevailing GST. Fees do not include textbooks. These estimated fees are based on the following components:

- SIM Programme Fee - Payable at the start of each academic year and is calculated on a per subject basis.
- UOL Fees- Registration, Continuing Registration and Examination fees, payable annually and subject to yearly increase
- Exam Centre Fees - RELC Examinations Bureau has administrative fees paid annually by students

Please refer to SIM GE website for the latest fees.

ACCREDITATION OF PRIOR LEARNING (APL)

Eligibility

APL is the recognition of previously acquired learning which can be mapped against particular learning outcomes of units within a programme. APL may be awarded if you have previously studied a similar subject in the same depth, at degree level, and you achieved good marks in the corresponding examination. A student who is awarded APL for a specific unit is considered to be exempted from this unit.

The qualification on which your APL is based must have been obtained within the five years preceding the application.

SIM Bridging Course in Economics and in Mathematics & Automatic APL for Diploma Holders

The bridging courses are organised annually to help applicants attain APL from the respective course units if they score B- (50%) or better and have the necessary polytechnic or SIM Diploma.

Please refer to SIM GE website for a list of automatic APL for Diploma holders.

SIM Bridging Course in Economics

This 16-session programme is targeted at business diploma graduates from the polytechnics and SIM. Graduates must have completed all coursework and assessment for their Diploma course before they may embark on the bridging course. The course provides the fundamentals of economic analysis through the use of economics' models and applications. It uses a more analytical, in-depth and rigorous approach than is done at the polytechnic. The lecturer will assume that students have studied basic economics.

SIM Bridging Course in Mathematics

This 12-session programme is targeted at business diploma graduates from SIM and the polytechnics who wish to demonstrate competence in mathematics so that they may be exempted from MT105A Mathematics 1 (half unit) in the University of London Degree Programme. Graduates must have completed all coursework and assessment for their Diploma course before they may embark on the bridging programme.

Intake	June
Fees	S\$642 per each bridging course

Fees are inclusive of prevailing GST. Fees do not include textbooks and application charges. An application fee is payable if you apply separately from your application for the degree. Do complete the bridging course section when applying to SIM GE. Please refer to SIM GE website for the latest fees.

LSE SUMMER SCHOOL

London

Imagine spending three weeks studying at the LSE Summer School in London. That is what over 40 SIM students did between June and August 2016. LSE offers over 90 three-week courses taught by LSE's world-renowned faculty. Over a period of nine summer weeks, the programme attracts the world's largest intake of more than 5,000 international study abroad undergraduates who complete a rigorously assessed module.

The LSE Summer School curriculum is drawn from across the university, with courses being offered in subjects as diverse as Accounting,

Finance, Economics, International Relations, Law, Media and Business.

A 15 per cent discount on tuition is available exclusively to SIM students studying an EMFSS UOL programme. Also, successful completion of two LSE Summer School courses qualifies a student for exemption (Accreditation of Prior Learning) from one unnamed level 100 UOL course.

Study at one of the world's most recognised universities whilst enhancing your career prospects, experiencing London and meeting students from around the world. Learn more at lse.ac.uk/summerschool

HIGHLIGHTS

- ▲ 40 to 50 SIM GE students attend the LSE Summer School each year.
- ▲ Three scholarships, worth £3000 each, are awarded to three SIM-UOL students each year.
- ▲ Five of the SIM-LSE Summer School scholars have returned to the LSE to pursue their master's within the last three years.

"I truly had a wonderful summer abroad. I gained the desired global experience and learnt a subject which I would be happy to pursue my career in." (2017)

Ishaan Ghai

First Class Honours Graduate, Class of 2016
BSc (Hons) in Business

Student, MSc Accounting and Finance
London School of Economics and Political Science

Recipient of the SIM-LSE Summer School
Scholarship 2016

APPLICATION AND ADMISSION

How to Apply

Visit www.simge.edu.sg/ge/how-to-apply for the application process, list of required supporting documents, documents verification process and more information.

For an international applicant applying to a full-time programme, you must submit an online Student's Pass (STP) application form. Your Student's Pass application is subjected to approval of the Singapore Immigration & Checkpoints Authority (ICA).

Application Fees

An application fee is payable for each application form that is submitted. This fee (inclusive of the prevailing GST) is non-refundable and non-transferable. The fee will be fully refunded only if the intake does not commence. Unpaid applications will not be processed.

Payment Mode: MasterCard/Visa credit cards or eNETS

Application Fees	Local applicants	International applicants
	S\$96.30	S\$321.00*

**This does not include all fees related to Student's Pass application.*

Private Education Act

Under the Private Education Act, legislated in December 2009, a Council for Private Education was set up to regulate the private education industry in Singapore. From 03 October 2016, the Council for Private Education became part of a new statutory board - SkillsFuture Singapore (SSG). Under the new structure, the SSG Board appointed the Committee for Private Education (CPE) to carry out its functions and powers relating to private education under the Private Education Act.

All Private Education Institutions (PEIs) are required to comply with the regulations under the Act in order to continue operations.

Following are the requirements which Singapore Institute of Management Pte Ltd (SIM PL) has put in place:

PEI-Student Contract

CPE, in aiming to enhance the confidence of students and their parents in the quality of education in Singapore, has stipulated that all PEIs must sign a PEI-Student Contract with students. The contract sets out the terms and conditions governing the relationship between the student and PEI. SIM PL will honour all terms and conditions in the contract and in all communication materials.

Students may request for a copy of the PEI-Student Contract from SIM PL or view it on the CPE website (www.cpe.gov.sg).

Cooling-Off Period

There will be a cooling-off period of 7 working days after signing the PEI-Student Contract. Students have the right to cancel the contract within the 7 working days and be refunded the highest percentage of the fees already paid if the students submit written notice of withdrawal to SIM PL within the cooling off period (refer to Clause 2.3 of PEI-Student Contract). After the cooling-off period, SIM PL's refund policy will apply.

Fee Protection Scheme

SIM PL adopts a compulsory Fee Protection Scheme (FPS) to protect the paid fees of both local and international students. The FPS serves to protect the student's fees in the event that the PEI is unable to continue operations due to insolvency, and/or regulatory closure. In addition, the FPS protects the student if the PEI fails to pay penalties or return fees to the student arising from judgments made against it by the Singapore courts.

SIM PL has appointed Etiqa Insurance Pte. Ltd and Lonpac Insurance Bhd as our FPS insurance providers. Under the FPS insurance scheme, students' fees will be insured by the insurer pre-assigned by SIM PL. In case of events as stated above, students will be able to claim their paid fees from the respective FPS insurance provider.

More details of the FPS can also be found in the FPS Instruction Manual, available at www.cpe.gov.sg.

Medical Insurance

SIM PL has in place a group medical insurance scheme for all its students. This medical insurance scheme will have a minimum coverage as follows: an annual coverage limit of S\$20,000 per student, covers up to B2 ward in government and restructured hospitals and provides for 24 hours coverage in Singapore and overseas (if student is involved in SIM PL-related activities) throughout the course duration.

For more information on medical insurance, visit: www.simge.edu.sg/ge/medicalinsurance.

Refund and Transfer/Withdrawal Policies

For refund and transfer/withdrawal policies, please refer to www.simge.edu.sg/ge/refund.

Confidentiality

SIM PL is committed to maintaining the confidentiality of the student's personal information and undertakes not to divulge any of the student's personal information to any third party without the prior written consent of the student SUBJECT TO the obligation of SIM PL to disclose to any Singapore government authority any information relating to the student in compliance with the law and/or to the organisation conferring/awarding the qualification.
